In the evenings?

Yes.

We ate on now if you are free. If not any night this week

If you want on, get on Skype if you can. If not whenever you like

Sure.

Cool

Would be good to get on right away, get something out there

I'm on now

Charlottesville. DC-area SURJ chapters plan to mobilize folks and build support for the local counter-demonstrators.

To support the action in Charlottesville, we'll need to train caregivers (emotional support, food/water), de-escalators, legal observers, remote support (social media, supply gatherers, etc.) and get clear about what's involved in direct action. At this meeting, we will have breakouts to build our skills and define our roles within "affinity groups." Participants will make commitments to their affinity groups and plan to continue building strength for the action in August. We want as many people as possible to commit to being in Charlottesville on the 12th, but there are ways to support if you cannot attend in person. Whatever your skills or in/experience with this kind of action, there is a place for you!

Help with set up and clean up of the event is needed, if you can volunteer, please contact surjdc.action@gmail.com.

SURJ NoVa is offering a carpool from the Virginia 'burbs to make sure everyone who wants to attend this meeting can. Sign up to drive or to ride: <https://>

These people are insane. This is a Facebook post about them doing a pre-event to prepare for cville. Look at this corporate language compared to our literal military operation document. They are little corporate tools and we're and resistance fighting force. I hate this morons.

We figured out who we think is giving Kessler money. It's not good. Some rich white guy who converted to Islam and is just incredibly antisemitic. He's been inviting NSM and other crazies like Sinhead. I think it's too late to pull out but at least we know what we're dealing with.

Digital Platform Censorship.

Just got off the phone with Kessler and the ACLU. Basically they said our choices are to file an injunction and possibly lose which might be a PR loss or they could file after and they said they'd almost certainly win and be a PR win for us, Kessler and them.

I said fuck that. File the injunction and do both and they sounded like they never heard that idea or thought of it. The point of this is to get our damned permit back. Not be some PR victory after the fact and if we initially lose the injunction and go after them after we'll be able to go after even more.

There are dozens of reasons that this forced move is bullshit and the ACLU could just be virtue signaling but hopefully it works out.

I concur with your strategy.

Nvm. I'll just text you. We are canceling the after party to the general public but still having one for leadership and VIP.

Very good.

Did Kessler make the call?

No I did

Good call.

I've removed Kessler from all operational calls starting today. All the security and leadership are getting orders from me. Oh and the Jews canceled my airbnb this morning but I should be able to find a place.

recommend we brand them the New Left and in leavue with Antifa

IMG_4189.JPG

Mon, Jul 3, 7:37 PM

Why would she protest?

Its speculation on my part at this point but

- a) to draw attention to herself, Posobiec and Cernovich
- b) continue the theme that we are racist, anti-semetic, etc

That would be quite a show.

Shortly after she made that post Posobiec tweeted out an accusation that IE and Vanguard are

Jason, the people from "Anticom" asked if they could take part.

Richard, I have an inquiry regarding the Charlottesville rally on the 12th. This is the representative from Anticom you spoke to a while back. In short, we're looking to see if it would be possible for one of our members to secure a brief (5 minutes or so) speaking position at the Unite the Right rally. I'm also messaging to verify whether or not you'll be in attendance. If so, would you be able to convey this information to the event planner? Thanks in advance.

Sat, Jul 15, 10:14 AM

Have you spoke to Eli recently? He ghosted 4 days ago. I don't know what happened to him.

Sun, Jul 23, 9:19 PM

Could you talk to either Eli or GregRitter? They make all decisions for me.

Eli hasn't answered his phone in weeks

Okay.

Do you have Greg's info?

No, I don't know him

Ok, I sent him a text. If you can please give me a call or have one of the guys call me

I'll have him call you.

Tue, Jul 25, 11:24 AM

Could we add Daniel Friberg to the speakers lineup? And to the speakers list? Arktos is a terribly important organization.

Daniel well be at c'ville for sure.

It sounds like we have a lot of organizations scrambling to get speaking slots at the last minute.

I guess we're going to have to expand this to a pretty long event to keep everyone happy

Are you going to Amren?

Yes

We can talk there.

Sounds good. Looking forward to it.

Tue, Jul 25, 4:43 PM

What's up?

The insurance policy got canceled. They're trying to shut down the event

The media is on it already

We're going to need legal help

Yes, Sam Dickson is the man.

Let me set up a conference call.

I've emailed him some of the details

I think we may be able to argue that the permit has to remain in place even without insurance because the feasibility of obtaining that insurance places too high a demand on our ability to express our first amendment liberties

Fri, Jul 28, 7:09 PM

The insurance company just officially dropped our policy

We're going to want a lawyer to hit the city with something quickly before they try to cancel our permit

Sam isn't going to be able to help. We need a Virginia attorney

I just spoke with him.

We're searching for one.

Mon, Aug 7, 10:05 PM

If it helps we can talk to that AP reporter and tell him we're looking for a lawyer

If we get them to print a story that the alt right cannot find a Virginia attorney to represent us
someone might step forward

Tue, Aug 8, 10:34 AM

There's a First Amendment attorney in Richmond that may be willing to take the case but he's gonna
require \$8000. If we all push this on social media we could raise it on Rootbocks

I opened it on advice of our legal counsel Sam and Kyle. If you don't like it take it up with them

I'm following the advice of my attorneys

I've talked with them.

You requested that I not talk or take action in the lawsuit filed against us. I have kept my word and held my tongue

This is a fundraiser which pre-existed our conversation for the purpose of continuing our first amendment case.

This looks extremely fishy.

No. We need to file an amendment to our pre-existing successful federal lawsuit alleging that the city violated the federal judges ruling

Then try to further amend it into a class action lawsuit, either technically or essentially. This is not about me. The money we win in court will compensate all of us, believe me

Talk to Sam and Kyle. We're on it
